Two Gasoline Explosions Take Place on a Submarine Boat.

## FIFTEEN WERE HURT

Lieutenant Skinner, an Officer Upon the A-5, Was So Badly Injured That Death Ensued—Others in Serious State.

Queenstown, Feb. 16.—An explosion of gasoline occurred on board the new submarine boat A-5 while the officers and crew of eleven men were engaged in charging the tanks. The crew was hurled in all directions. Nine of them were picked up by boats and taken to a hospital.

A number of the crew of the British gunboat Hazard volunteered to go to the rescue of the submarine boat's crew, but hardly had they got on board the submarine boat when a second explosion took place and all the rescuers were more or less injured.

Lieutenant Skinner, an officer of the submarine boat, subsequently died of his injuries. The bodies of two missing men were found on board the A-5. The total number of injured men was fifteen. Some of them were dreadfully mutilated.

## WOODMEN CIRCLE.

Indian Territory and Oklahoma Organization Meets at Durant.

Durant, I. T., Feb. 16.—Woodmen Circle of Indian Territory and Oklahoma met here, with about fifty delegates in attendance. Muskogee was selected as next place of meeting, two years hence. Following officers were elected: Mrs. N. A. Gibson, grand guardian, Muskogee; Mrs. Lula Harris, grand adviser, Shawnee; Mrs. Ida E. Norvell, grand clerk, Wynnewood; Mrs. E. McNaughton, grand banker, Durant; Mrs. Lizzie Cline, grand magician, Atoka; Mrs. Lillie May Eldson, grand attendant, Bartlesville.

Mrs. Lloyd Thomas of Holdenville was elected delegate to the supreme convention at Chattanooga, with Mrs. Nettie Henshaw of Madill as alternate. The convention decided to offer a medal to the best drilled team of the circle.

## WAS NULLIFIED.

This Action Taken With Sixty-Three Indictments at Lawton.

Lawton, Feb. 16.—By an action of the district court Thursday morning sixty-three indictments returned by the Federal grand jury at its sitting were nullified and another jury is ordered called for a reinvestigation of the charges brought against parties indicted. The cause of the action is that it has been found that three members of that grand jury were disqualified for the position, not being legal voters in the county. A number of convictions have been made upon indictments returned at that time and several men are now serving penitentiary sentences. These must be ordered returned to await the action of another grand jury.

## JAPANESE FIRE.

They Have Been Doing Some Shooting With Siege Guns.

Mukden, Feb. 16.—The Japanese fired Tuesday and Wednesday on Puttloff hill with eight-inch guns carrying 250-pound projectiles, indicating they are using siege guns—the ones used at Port Arthur—and the first to be mounted in position before Russian lines below Mukden. A new situation, therefore, confronts the Russian center, and the general situation appears to have been rendered more uncertain and complicated by the battle of Sandepas and the arrival of open weather, indicating early spring.

At some parts of the lines there is unusual familiarity. The Russian and Japanese officers entertain each other at parties. At Singchinpu the Japanese cheer Russian bands.

## HAVE A CLASH.

Russians and Chinese Come Together, Two Fatalities Resulting.

St. Petersburg, Feb. 16.—A telegram from Saichun reports that a fatal affray occurred between Russians and Chinese at a village forty miles northwest of Saichun, where a party of Russians went on a foraging expedition. The villagers seized the Chinese interpreter with the Russians and a fight ensued in which a Chinaman was killed. The villagers killed the interpreter and fled.

## FEW REMAIN.

Nearly All of the Noncombatants Have Gone From Port Arthur.

Chefoo, Feb. 16.—A steamer with 117 noncombatants has arrived here from Port Arthur. Very few noncombatants now remain at that place. Convalescent soldiers totalling 2500 will begin arriving at Chefoo Feb. 20. Local Russians are indignant, claiming they are unable to care for the healthy, let alone invalids. The Japanese say they lack the means of transportation to take the invalids to Shanghai.

## Await Third Squadron.

Copenhagen, Feb. 16.—Two Danish torpedo-boats are awaiting at Gjeddesby to escort the Russian third Pacific squadron through Danish waters.

## JAPS SUFFER MORE.

According to Chinese Reports Mikado Is Sending His Reserve Brigades Eastward and Nogi to Command Extreme Right.

Huan Mountain, Feb. 16.—During the Japanese bombardment of Puttloff hill a projectile from a siege gun entered an underground hut, burst inside and tore off the head of a lieutenant and wounded a colonel and two staff captains who were playing cards. In front of Koudezi on the right flank the Russians are trying the effect of concentrated siege and mortar batteries with good results, firing as many as twenty mortars simultaneously.

The Japanese are said to have suffered more from the cold than the Russians during the fighting. The hospitals at Liao Yang are reported to be crowded with frostbitten men.

According to the Chinese the Japanese reserve brigades are being moved eastward indicating the direction of the Japanese movement when it begins. Reports from the same source say that General Nogi will command the extreme right.

Mukden and its neighborhood are full of Chinese spies in the pay of the Japanese.

While the nights are still cold the days are warmer and the time is approaching for ideal campaigning.

A great battle which all are expecting, and which may spell ruin for either army, should occur within a month.

Whatever grounds may exist for the charges that the Russians are violating Chinese neutrality it is certain that the Japanese troops and Chinese bandits are acting under Field Marshal Oyama's orders and are operating in Mongolia, usually in cavalry detachments of several hundred.

## JAPS DRIVEN OUT.

Buildings and Walls of Nagasaki Were Also Destroyed by Russians.

St. Petersburg, Feb. 16.—Lieutenant General Sakharoff, General Kuropatkin's chief of staff, telegraphed that the Russian artillery, Feb. 13, destroyed the buildings and walls of Nagasaki from which the Japanese had been bombarding the Russian trenches. The Japanese were driven out.

In regard to the attack on the bridge between Gauhlin and Fantzia-Tun, on Feb. 12, General Sakharoff says the Japanese force comprise 100 cavalry and 200 Chinese bandits. Russian frontier guards drove off the attackers, who subsequently destroyed a few rails, blew up a telegraph pole and fled. The Russians pursued the Japanese twenty-five miles.

## Seized Two More.

Tokio, Feb. 16.—The British steamers Apollo and Scotsman, bound for Vladivostok, were captured off Hokkaido. The Apollo was from Cardiff with coal and the Scotsman had a cargo of provisions on board, which, according to her captain, was consigned to Yokosuka.

## COUNTRY GONE MAD.

Congressman Beall Declares Militarism Saps Substance of People.

Washington, Feb. 16.—In discussing the naval appropriation bill in the house Wednesday Congressman Beall of the Fifth district of Texas, in opposing large appropriations for the army and navy, declared that the United States had gone mad over the spirit of militarism, which was sapping the substance of the people.

The government was paying as much attention to "ceremonies, pomp and power" as any government on earth, and he said that it was the most extravagant government in the world. He compared the heavy army and navy expenditures of this country with those of other nations, and in referring to Russia said that she spent more, "but Russia is a despotism, a government hated by its own people and despised by the people of the world, and that she maintained her existence by the power of arms."

Mr. Beall referred to the president's speech in New York on Monday night in which it was maintained that while the United States should at all times cultivate friendly relations with other people, the upbuilding of the navy must go on. There was never a nation that played the bully among other nations of the world, Mr. Beall remarked in that connection, that there was not some other nation ready to engage in a death struggle with it, and that he predicted "history will repeat itself with us."

### HOME MADE CANNING OUTFIT.

T. S. Minter in Farm and Ranch.

Having read Mr. C. Falkner's recent article on canning factories, I wish to contribute my mite to the discussion of home canning outfits.

Last summer, not having ten dollars to pay for a patented home canner, I went into a hardware store, bought an iron ham boiler for my No. 7 stove, had a perforated sheet iron basket made to fit inside the boiler so that I could lift out the cans easily. I had removable handles made for the basket (made of No. 9 galvanized wire in the shape of horse shoes, with the calks turned into hooks); had a pair of iron tongs made to lift out single cans, and bought a soldering iron weighing 1½ pounds. These things completed my canning outfit, and cost as follows:

1 iron ham boiler for No. 7 stove \$1.00  
1 perforated basket with handles 1.25  
1 pair of iron tongs .35  
1 soldering iron, weighing 1½ lbs. .50  
Total.....\$3.10

But as my ham boiler is very serviceable in cooking hams, turkeys, etc., and for heating water for various purposes, I feel that the canning part of the outfit cost me only \$2.10.

With this cheap canner I put up about 200 cans of peaches, pears and tomatoes, and every can has kept perfectly. In fact their contents are as sweet and apparently as fresh as if they had been canned yesterday. I did not use any preserving fluid. I did not can any corn or beans, but shall try both next season.

With this simple, durable outfit it is possible to put up from 150 to 200 three-pound cans a day, and the goods will keep as well and sell as high as goods put up by the best canneries in California.

Every farmer should have one of these cheap canning outfits. There is no patent on them. He and his wife can can enough fruit or vegetables in five days to pay for the outfit and 1000 cans, and still have 500 cans of the very purest and most wholesome food for his family.

In this connection let me tell Farm and Ranch readers how to use their cans for several years. When you get ready to open a can of fruit get an iron ring whose

diameter is the same as the cap on your can (two inches is the usual sizes), heat the ring red hot and place it on the can so that it will fall on the solder and in a few seconds the cap can be lifted off. As soon as the fruit is taken out wash the can out with boiling water so that no acid poison can form in the can. Save the cap. In this way the same cans may be used for several years.

I am now figuring on the cost, and making up the dimensions for a canning outfit that I intend to operate on my farm next summer. I believe I can, with \$40, put up a canning outfit that will have a capacity of 1500 to 2000 cans a day, and that would mean a capacity of 60,000 or 75,000 cans a season.

### COUNTY TO TAKE UP BONDS

And Reinvest School Fund Thereby Obtained.

The Commissioners' Court, at its sitting this week, received the report of County Treasurer Jno. M. Lawrence, and finding as shown by the statement hereto appended, that the county's sinking fund amounts to a considerable amount, decided to take up \$11,000 of the county's outstanding bonds. The bonds that will be taken up are owned by the county's school fund, hence some of the school fund's investment will be cancelled, and the money turned back into this fund. For this reason this school fund will be reinvested in some other securities. The county's bonded indebtedness will thus be reduced by a neat sum, which shows progress in the right direction.

The treasurer's statement shows the following amounts of cash on hand in the different funds:

Jury fund.....	\$ 1,437 93
Sinking fund.....	11 647 70
Public building fund.....	5 254 59
Third class fund.....	5 548 28
R. and B. fund.....	3 076 98
Poll tax fund.....	439 93
Total.....	\$ 30,405 21

The statement is one that is quite creditable to the financial condition of Brazos county.

### WINTER MEAT EATING.

The Poor Stomach's Tale of Woe. Just Now Mi-o-na Is Needed.

At this season of the year thousands of people are already showing the ill symptoms that are sure to result from the usual winter diet. Indoor life, meat-eating, hearty food, lack of exercise, overwork, and poor ventilation spell "sickness," and poor health.

If the stomach cannot do its work properly, ill health is sure to follow. Mi-o-na is the only medicine that assures a natural digestion, that strengthens the stomach, that soothes and heals all irritation, congestion, and inflammation in the stomach and bowels. It is this that makes it a certain and guaranteed cure for all stomach troubles.

If the digestion is impaired, the blood is impoverished and becomes filled with poisonous impurities, deranging the whole system and causing sickness and suffering. Mi-o-na, acting upon the stomach and digestive organs cures sleeplessness, nervous troubles, headaches, backaches, and general weakness and debility.

If you are weak and ailing the chances are that it is due to a diseased stomach, but you can be cured by using Mi-o-na. Ask E. J. Jenkins, the reliable druggist, to show you the strong guarantee under which Mi-o-na is sold. Mi-o-na costs but 50c a box. If it does not help you, the price is absolutely nothing.

Melba's triumphant career since she first became known to the musical world is pretty generally known. She made her first appearance in Europe at Leonard Emil Bach's concert in London in 1886, and was first heard in concert in Paris in March, 1887. She made her debut in opera at the Monnaie in Brussels, as Gilda in "Rigoletto," in October of that year, and sang the role of Lucia in London at Covent Garden in 1888, and that of Ophelia at the Opera in Paris in May, 1889. From that time she has been famous in European cities, in Australia, and in the United States. Her first American appearance was at New York, as Lucia, in 1893, and she was first heard in Boston with the Abbey. Schoeffel & Grau Company, at Mechanics' Building, as Juliet, in March, 1904. In 1893 she toured the United States with the Damrosch & Ellis Company, in 1899 as the star of C. A. Ellis' company, and in 1901 with Grau's company. Last year she made an American tour under the management of Mr. Ellis, among the notable successes of which were her appearance in Boston at the Berlitz Commemoration as Juliet in the "Damnation of Faust" and at a Symphony Concert as Ophelia in the mad scene from Ambroise Thomas's "Hamlet."

## "Down by the Rio Grande"

The Annual Event  
of Two Nations:  
Yaqui-George Washington  
The "Laredos."

Some years since the citizens of Laredo, Texas, and Nuevo Laredo, Mexico, conceived the idea of fittingly celebrating George Washington's Birthday (February 22) by suitable "Mexican-American" fiestas and parades, and from a small source this has grown to a MAGNIFICENT ANNUAL EVENT unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature.

International in its character, located on the border line between the Great Republics occurring at a season of the year when business cares press lightly, and at a time when weather conditions in that locality are ideal this event offers unsurpassed inducements to the pleasure seeker.

This year the festivities will consist of four days of continuous festivities, February 21st, 22nd, 23rd and 24th, and the program, which is very elaborate, will contain many new and interesting features—among which may be mentioned FAMOUS SPANISH BULL FIGHTS, GRAND CATTLE HOPING CONTEST, FOOT BALL, BASE BALL, COCKING MAIN, torchlight parades, embodying typical Mexican and Indian features, musical fireworks on Rio Grande River, a spectacular reproduction of Gen. Washington crossing the Delaware. Military drills and display evolutions. Historical Pageants and Trades-Display, Flower Carnival, U. S. and Mexican Troops and Bands.

For this occasion low excursion rates will be in effect to Laredo, also for the benefit of those who desire to see more of Mexican life and customs, arrangements have been made for the sale of excursion tickets to MONTEREY, MEXICO, with ten (10) days' limit, permitting stop over at LAREDO in order to witness the International Celebration.

For further particulars, call on ticket agents, or write

## LEW WALLACE DEAD.

"I Am Ready to Meet My Maker," Said "Ben Hur's" Author.  
Crawfordsville, Ind., Feb. 16.—Surrounded by his family, General Lew Wallace, author of "Ben Hur," one time minister to Turkey and veteran of the Mexican and Civil wars, died at his home in this city, aged seventy-eight years.

The health of General Wallace has been waning for several years and for months despite the effort of the family to keep the public in ignorance of his true condition, it has been generally known that his vigorous constitution could not much longer withstand the ravages of a wasting disease.

GENERAL LEW WALLACE.

For more than a year he had been unable to properly assimilate food, and this, together with his extreme age, made more difficult his fight against death. At no time has he ever confessed his belief that the end was near, and his rugged constitution and remarkable vitality have been responsible for prolonging his life several months.

The deathbed scene was one of calmness. Beside his physician only his wife, his son Henry Wallace of Indianapolis, and Mrs. Wallace were present. Two grandchildren although in the house, were not admitted to the room. When told by his physician that he was dying, General Wallace was perfectly calm, and his last words were expressions of cheer to his grief-stricken family. Bidding them farewell he said: "I am ready to meet my Maker," and lapsed into unconsciousness, from which he did not recover.

## TRIP TO TEXAS.

Plans for the President's Visit Are Now Being Perfected.

Washington, Feb. 16.—The plans for the president's trip to Texas to attend the reunion of the Rough Riders, now being perfected, contemplate that he will leave Washington for San Antonio about March 25, stopping en route at Louisville, Dallas, Austin and Fort Worth. No definite decision has been reached as yet to an extended hunt trip in Colorado, and no official announcement of the itinerary to Texas will be given until shortly before the date of departure, as circumstances might alter plans.

Except for a stop at Houston after the visit to San Antonio it is said no other towns will be formally visited than those to which invitations have been accepted. Arrangements are being made for a jack rabbit hunt after the reunion. The only date definitely fixed thus far is that the holding of the reunion at San Antonio on March 1.

## PALLIUM CONFERRED.

Insignia Placed on Archbishop Moeller by Cardinal Gibbons.

Cincinnati, Feb. 16.—With the simple and impressive service of the Roman Catholic church provided for the occasion, the full powers of an archbishop in the church were conferred on Henry Moeller, a native of Cincinnati, who, for over ten years, was coadjutor for this diocese, at the cathedral here. Cardinal Gibbons, Archbishop Glennon of St. Louis and a number of Bishops were in attendance, several participating in the ceremonies. The interior of the cathedral was draped in purple and yellow. Scarlet surrounded the cardinal's throne, and the seat of Archbishop Moeller was draped in white. The sermon was preached by Cardinal Gibbons after the reading of the gospel. At the conclusion of mass the cardinal took his place at the high altar, and Archbishop Moeller, attired in his full robes of office excepting his mitre and gloves, advanced and kneeling before the cardinal, made his profession of faith and vow of loyalty to the supreme pontiff. In the name of the pope the cardinal then placed the pallium on the shoulders of the archbishop, who, after prayer, faced the congregation and bestowed the pontifical benediction.

## COMMISSION UPHELD.

Court of Criminal Appeals Hands Down Opinion to This Effect.

Dallas, Feb. 16.—The court of criminal appeals, sitting here, has decided, through an opinion handed down by Justice Henderson, adverse to Edward Tracey. The decision upholds the legality of the Dallas commission. Chief Justice Davidson dissents. Justice Brooks concurs in the main with Justice Henderson. The opinion holds that policemen are state officers, and not merely municipal, and also holds that the legislature can lodge with the governor the power to appoint a police commissioner.

The case of ex-parte Edward Tracey was removed from the corporation court on a writ of habeas corpus to Justice Davidson, sitting at Georgetown. The latter sent it to the court of criminal appeals. Tracey was charged with resisting a police officer, and was tried in the corporation court and fined. He contended the commission had no right to appoint police officers. Justice Davidson maintained the policeman making the arrest was not a de facto officer.
